

*Citizens and Farmers Bank—Operations Center—Toano, VA*

The Citizens and Farmers Operations Center (Corporate Headquarters) in Toano, Virginia project consisted of total interior demolition and renovation to an existing building. The building was previously used as a manufacturing office, warehouse and lab facility. The total project constructed was a 2 story 110,000 square feet of finished area, and the balance of the building left as warehouse to be converted to offices and training rooms at a later date. The interior renovation included conference meeting rooms, training class rooms and offices. This was a fast-paced project which was completed in 10 months. The Architect on this project was Stonegate Corporation, Richmond, Virginia.
