

*Forge Shopping Center — Providence Forge, Virginia*

Evans Construction, Inc. was contracted to build The Forge Shopping Center in Providence Forge (New Kent County), Virginia. This project consisted of an addition to the existing grocery store (Chuck's Supermarket which was a pre-engineered steel structure). The addition included a new grocery store conventionally built, retail shops and the renovation of the existing supermarket into a pharmacy. The Architect of record on this project was Hardwick & Associates from Richmond, Virginia.
