

*Greyhound Bus Lines — Richmond, Virginia*

Evans Construction Inc. has been contracted to do multiple projects over a period of ten years for Greyhound Bus Lines. The projects consisted of the complete interior renovation of the Greyhound Bus Terminals in Richmond and Norfolk, Virginia the conversion of the old Thalhimers warehouse into the main east coast Greyhound Bus Maintenance Facility, the construction of the bus maintenance pits in the repair facility and the construction of the bus paint booth. The Architect for these projects were Rawlings and Wilson from Richmond, Virginia.
